## Status

Work on [7u85](#) has completed. The 7u forest is open for pushes.

## Source code

The master forest jdk7u can be cloned using this command: `hg clone http://hg.openjdk.java.net/jdk7u/jdk7u ; cd jdk7u ; sh get_source.sh`.

The source code for the last release, [7u85](#), is available by cloning the jdk7u master forest : <http://hg.openjdk.java.net/jdk7u/jdk7u/>. The final build of that release was tagged as `jdk7u85-b02`.

The latest source release can be downloaded from <https://java.net/projects/openjdk7/downloads?field=date&order=desc>
